GUEST SPEAKER SERIES FORM 2011-2012

JPDS-NC is fortunate to have a talented parent body. We welcome the involvement of parents in our school in many ways, including as guest speakers in our classrooms and as speakers for special parent events and parent study series. If you have special talents, experiences, or knowledge that you would like to share with our students, staff or fellow parents, please let us know! We will share these forms with teachers and staff so that they may draw upon your expertise as a potential guest speaker when their curriculum and plans coincide with your skills and interests!
